### Company Policy – Quality, Health and Safety, Environment

Gold Stone Technical Works L.L.C a company with national and international experience in Design, Manufacturing and installation of Marble and Granite stones, considers the achieving of high levels of product quality, as well as a healthy and safe environment as important company priorities as the production process itself.

In order to ensure that company performance fulfils legal requirements at all the times as well as the targeted goals as to Quality, Environment and Safety, and to turn these aims into reality, Gold Stone Technical Works L.L.C deploys adequate human, instrumental and economic resources and has decided to implement, develop and constantly update an integrated Quality, health and safety management System in compliance with the international standards this policy represents the company's commitment in this regard towards the parties concerned, both within and outside the organization.

With the development of the integrated Management System, Gold Stone undertakes to:

- ensure the provision of services which always abide by the clients requirements, in order to fully satisfy their needs in terms of performance quality and delivery schedule;
- consolidate the trust of the parties concerned and involved" towards the development of investment;
- carry out the works in compliance with the quality level defined in the contract with the client;
- minimize any inconvenience to the client's activity in case the works are carried out within the client's working facilities;
- ensure the continuous improvement of our performance to bring full satisfaction of the main contractor acceptance;
- eliminate or minimize the risks to the safety and health of the workers of Gold Stone;
- systematically observe and fully comply with the laws and norms in force to installation sector as well as other requirements undersigned by our company, paying particular attention to the safety and health in working places as well as to environmental protection;
- achieve more and more prestigious goals in the building of civil and industrial works that is related to our specialization as well as more and more complex engineering works;
- Mitigate or, if possible eliminate the incidence of the various environmental impact factors by choosing the best and economically feasible technology available; this is done through material and energy recovery and reuse as well as by enhancing all those components of the production process which enable pollution prevention, the saving of resources and at the same time the production of competitive products;
- inform the employees about the results achieved in the health and safety fields;
- make the company personnel aware of these goals that they can share this Quality, Health and safety oriented attitude and spread suitable practices when carrying out productive activities.

In light of goals described above, Gold Stone takes measures to:

- ensure the continuous conformity of the Integrated Management System;
- maintain the necessary human resources, specialized expertise, technologies and economic resources to carry out and monitor the integrated Management System;
- divulge this Policy to internal and external co-operations in such way as to ensure its understanding;
- maintain this Policy active by defining and examining the relevant goals, targets, programmes in line with said Policy and by informing the personnel;
- consult and sensitise the personnel in conformity with the laws, the norms and the Integrated Management System, so that the personnel understands their fundamental role in attaining the company goals and can thus fully participate and support them both on a professional and personal level;
- continuously communicate with the client in order to define the targeted Quality;
- minimize and control the residual risks for the personnel's health and safety by developing and carrying out suitable training programmes, by adopting working instructions and by using suitable operating measures in the work organization;
- manage our activities in full compliance with the laws in force in the field of Quality and safety of the environment as well as with company policies and goals;
- monitor the environmental aspects connected to one's activities while trying to reduce their impacts.

Management of Gold Stone Technical Works L.L.C is strongly committed to encourage the evolution of the Integrated Management System through the arrangement of whatever is necessary to achieve the set goals.

Management of Gold Stone Technical Works L.L.C has named a senior Management Representative who acts on behalf of Gold Stone with no further hierarchical restraints within the company.

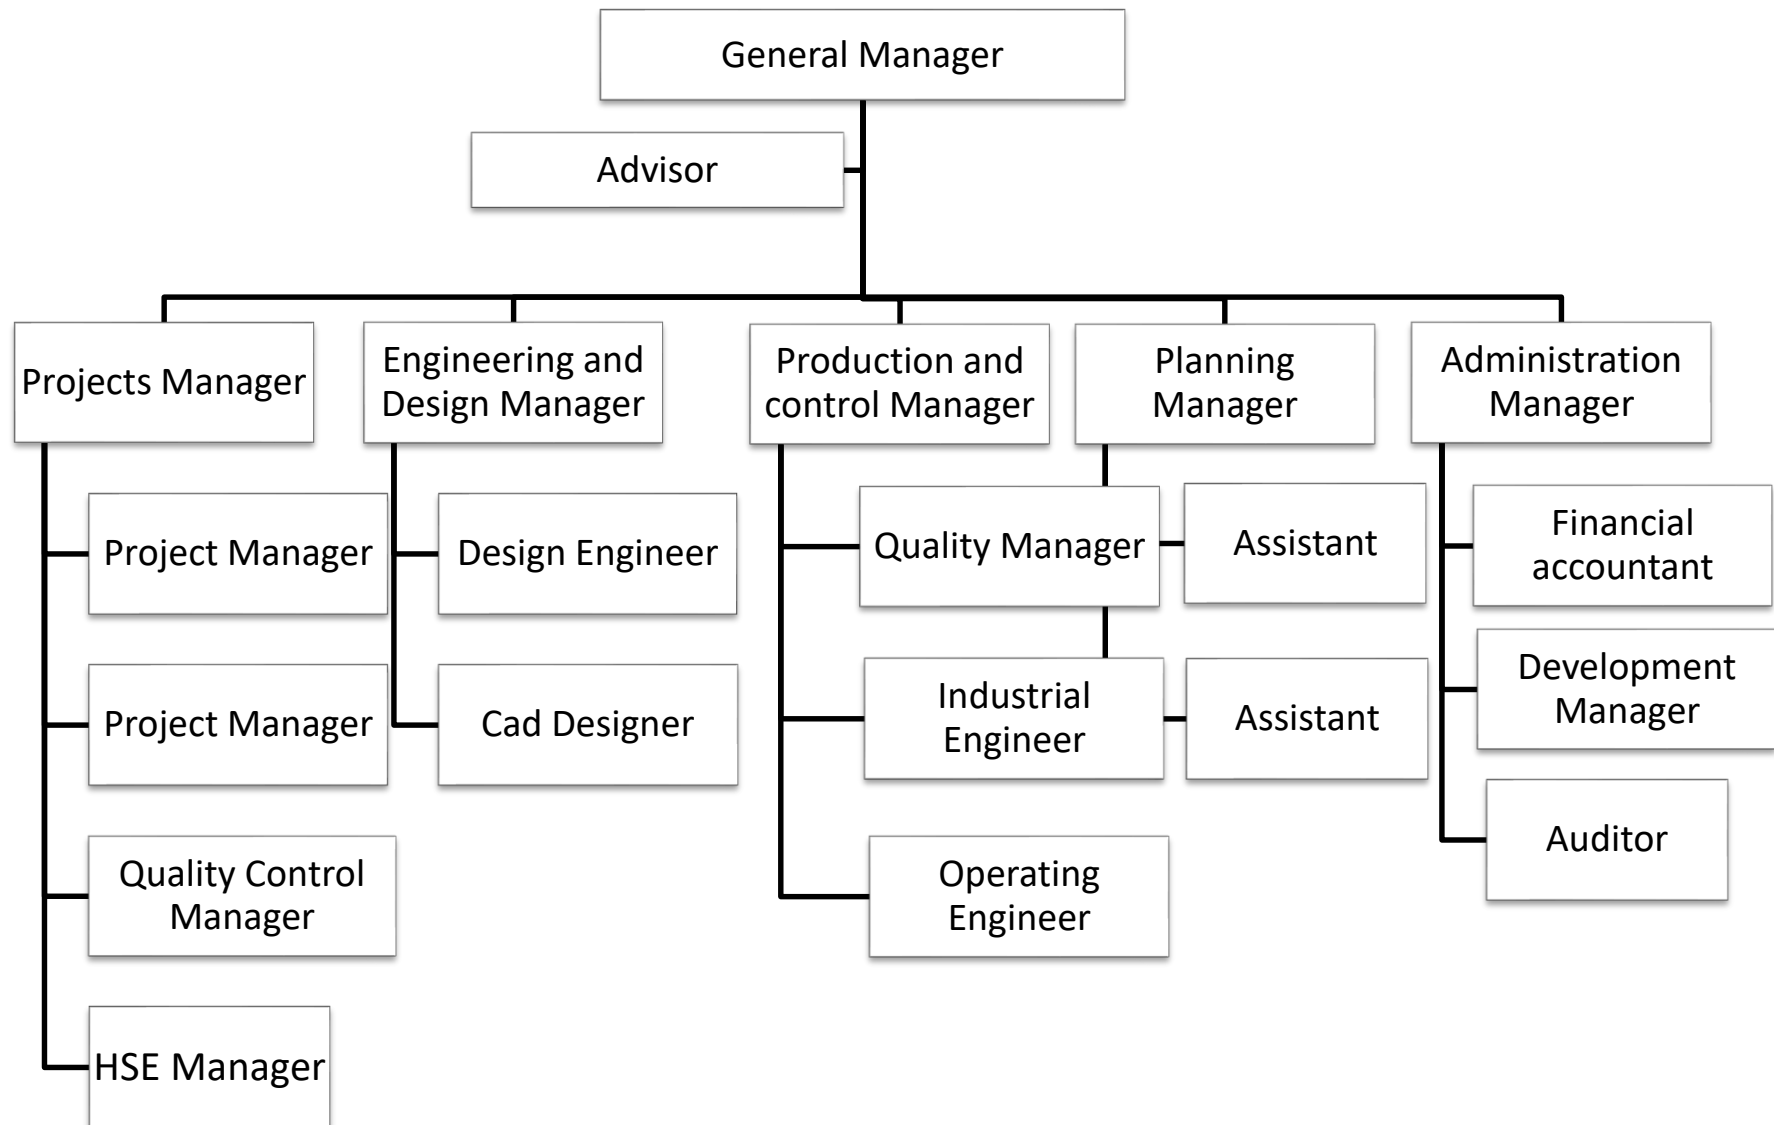

At regular intervals, the General Manager will examine the degree of achievement of the planned goals and define future goals and targets in line with the Policy.

This information will be suitably conveyed, thus allowing all levels to become active when so required.

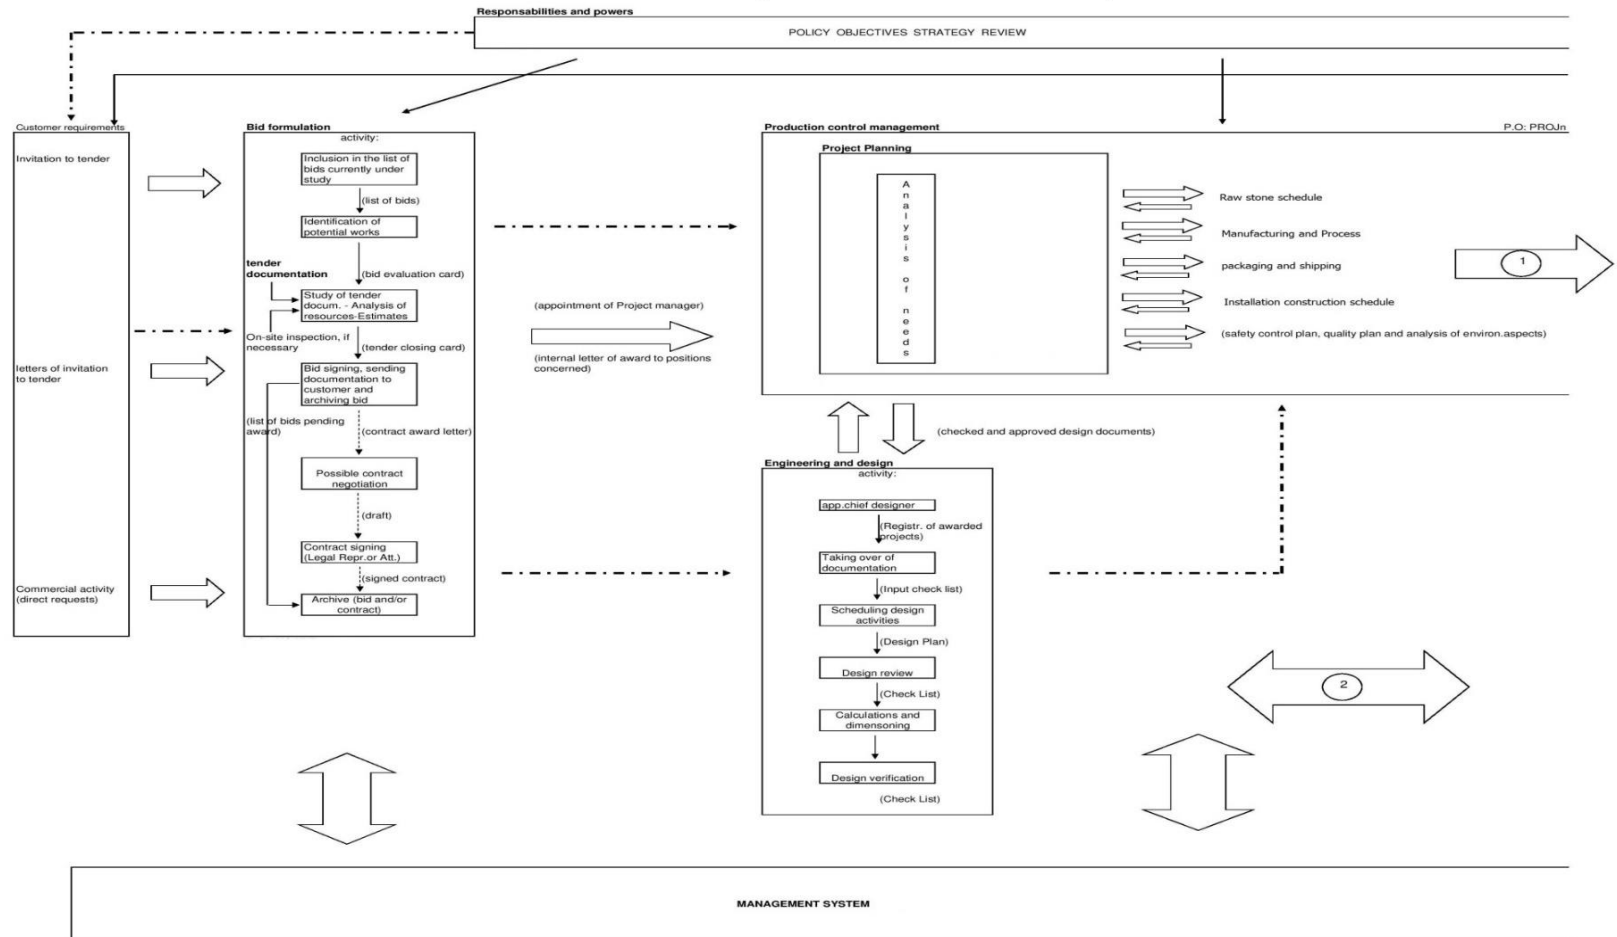

There are Obstacles in making someone's dream come to reality and at time it seems it can not be achieved, but with joint forces of many and a good dose of patience, these difficulties maybe surmount little bit at a time  
We are inspired by the challenge of what yet to be built .

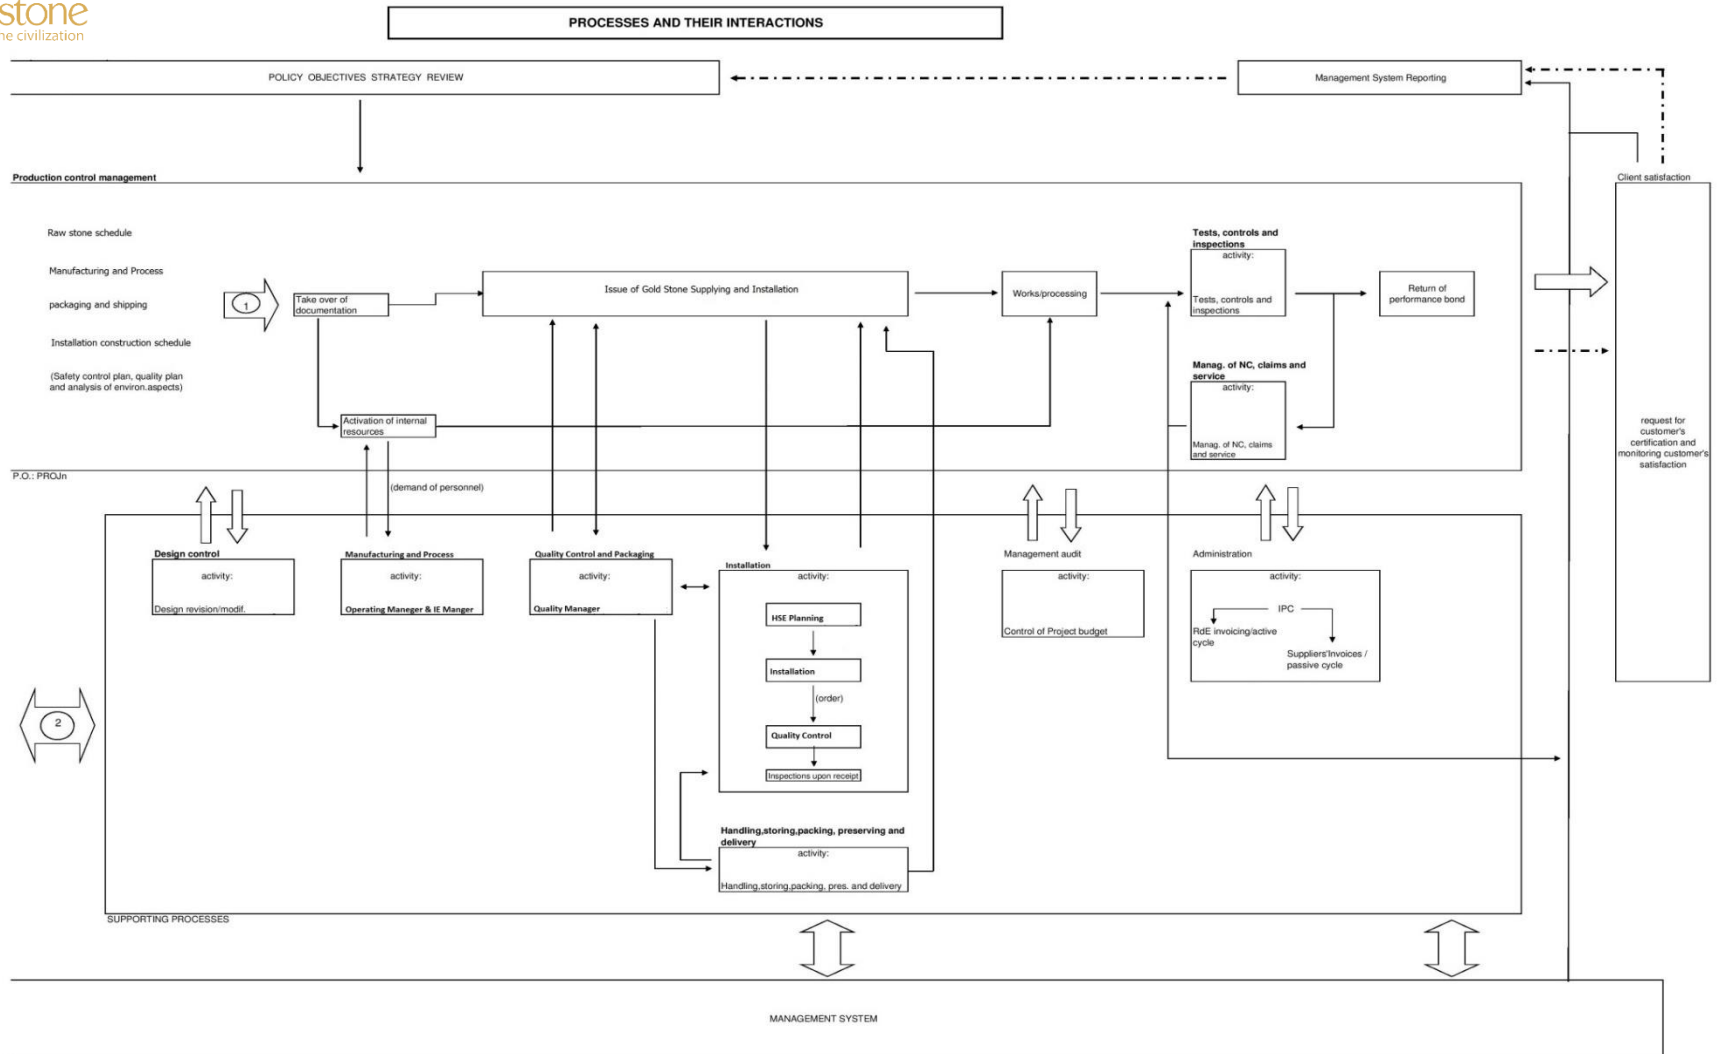

CEO\Founder  
Mohamad Jerji

### Human Resources Policy

Gold Stone Technical Works L.L.C believes that our talented, well prepared and motivated people represent the competitive edge of our group.

We adhere firmly to the belief that all employees must have the same opportunities and enjoy the same level of working conditions and protection across all our projects.

Our key objectives are:

- No discrimination in respect of employment and occupation
- Foster diversity as a spring to excellence
- Attract and develop the best candidates
- Promote training and career development with synergy and alignment between our Group and our Employees
- Provide a safe and healthy environment
- Lead by example to achieve outstanding results
- Recognise and reward individuals and team efforts

Gold Stone Technical Works L.L.C Management is fully committed to ensure this policy is implemented across our projects anywhere.

Mohammad Jerji  
General Manager  
Gold Stone Tech works llc

One of our company's primary objectives is the continuous improvement of quality and safety standards, with strong emphasis on safety conditions of employees. This is achieved through meticulous planning and constant monitoring of production units, with the support of dedicated training programs aimed at promoting awareness and proficiency in the utilization of safety equipment. Every employee is made fully aware of all risks associated with his/her specific job.

## Safety Summary

NUMBER OF FATALITIES	0	0	0	0	0

Committed  
to  
**Safety**  
Excellence

Our focus has always been the pursuit of absolute quality. Hard work and stringent control processes have made possible the attainment of excellent quality standards, well beyond the contract requirements and specifications. It is our belief that quality is built into a product. We will eliminate defects by reducing the variables in all processes relating to manufacturing. We will strive to meet our primary goal of 100% customer acceptance by manufacturing defect-free parts with on-time delivery, competitive pricing and the best possible customer service. Gold Stone use of statistical methods in manufacturing, training programs and continuous improvement of equipment are evidence of our commitment to this goal.

The integration of business management systems constant researches and deeper understanding of all environmental issues related to the Gold Stone processes. New elements of evaluation have been introduced with a view to:

- identifying critical factors and aspects
- prioritizing the same factors and aspects in relation to the particular context in which the local unit is immersed
- defining the procedures to monitor these critical factors
- obtaining the necessary authorizations
- planning and adapting the overall projects site organization so as to ensure that all such factors are kept under constant scrutiny. The internal audit programs have been implemented by introducing regular checks on all aspects of general building construction, and particularly those with more striking environmental impact.

Gold Stone

No objection  
Installas should approved by Material Supplier.

Corrections or comments made relative to submittals during this review does not relieve the contractor from compliance with the requirements of his Contract, drawings and specifications. This review is only in respect of general conformance with the design intent of the project and general compliance with the information given in the Contract documents. The contractor remains responsible, among other things, for the design of the project or such parts of the project he has design responsibility for (if design forms part of the Contract), for confirming and controlling all quantities and dimensions, selecting fabrication processes and techniques of construction, coordinating his work with that of other trades, and performing his work in a safe and satisfactory manner all in accordance with the Contract

## SUBMITTAL FORM

Contract No. SABIC - AF-1110052

File Ref. 7.9

Backlog Serial # 122

TITLE: Material Approval of RIYADH LIMESTONE 30mm BUSH HAMMER for External Wall Cladding Type EXT2B - Sample Submittal (GOLDSTONE Technical Work LLC)		TRANSMITTAL NO.: SRCP - JNP - 16 - 8215
TO: SABIC PMT	REVISION NO: 1	
FROM: MR. ANDREAS KATSIAMIS (PM)	DATE: 03 July 2016	
ATTN: MR. NAIF AL DOGAISH (PM)	SUBMITTAL PACKAGE: Sample Submittal	

## DOCUMENT DETAILS

Submitted for ☒ Approval ☐ Information ☐ Coordination  
Category: Wall Cladding EXT2B  
Discipline: ARCHITECTURAL  
Specification: General Requirement / Tech. Spec.  
BOQ Ref. No.:  
Drawing Ref. No.:

Building: SABIC Riyadh Compound

We certify that the above submitted documents have been reviewed in detail and are correct and in strict conformity with the contract drawings and specifications except otherwise stated.

LEED Comment/concurrence:

For the Contractor:

Name: Mr. Andreas Katsiamis

Signature:

Date: 03 / 07 / 2016

## PMT Comments

- Riyadh Limestone, Bush Hammer Finish, Light Beige - Code 'B' approved as noted  
• Buildings colored 475B Whole-Wheat (P27) are to have light beige Riyadh Limestone  
Riyadh Limestone, Bush Hammer Finish, Yellow - Code 'B' approved as noted  
• Buildings colored 424A Honey Gold (P28) are to have yellow Riyadh Limestone  
Riyadh Limestone, White Code 'D' rejected  
• Color doesn't compliment EIFS texture color scheme  
• Stone sizes are to be as per approved sketch ARC-106 in dimension  
• Stone thickness is to be 30 mm minimum in accordance with project specifications

ملحظات:  
\* After Reviewing the above companies prequalification, we come to our conclusion as per the following:-  
1 - SMG 2 - Gold stone 3 - Dew point [DPT].  
\* Contractor should provide any document which is not available in comparison sheet content.  
\* Contractor should be committed by the tender drawing & shop drawing for each material and size to be installed as per specification.  
\* We recommend the [SMG] company as a first supplier.  
\* The contractor should be committed to one supplier & all material must be the first class, but doesn't supply any material for cheap approval.  
\* Contractor should be submit the shopdrawing for colors approval.

Note: Approval of items does not relieve the contractor from complying with all the requirement of the contract terms.

ملحظة: اعتماد العناصر لا يعفي المقاول من مسؤوليته التامة عن العناصر المعتمدة. يجب ان يوافق المقاول على جميع متطلبات العقد.

Project:- ABHA Regional Airport Development  
Project

Subject:- Marble and Granite Material &  
Supplier Approval.

المشروع: تطوير مطار أبها الإقليمي.  
رقم العقد: ط-149-ب ف-0.  
الموضوع: اعتماد مورد ومواد الرخام والجرانيت للمشروع.

السلام عليكم ورحمة الله وبركاته،،،،،

إشارة الي الموضوع المذكور أعلاه وخطاب المالك البيئة العامة  
للطيران المدني رقم 540/6/7/256 بتاريخ 1438/1/9هـ وطلب  
الإعتماد رقم T149-ABIV-OE-PROC-PQ/MAT-A-00050.

المستلم مكم بتاريخ 2016/8/21م.

تفنيكم بوقفة البيئة العامة للطيران على الشركات التالية كورد

للرخام والجيرانيت بالمشروع:

- 1- SMG
- 2- GOLD STONE

"

1- شركة مصنع السعديه للرخام والجيرانيت

2- شركة جوك ستون لأعمال التجهيز

Contractor to consider the comments on the  
submittal, Also the material should comply with  
the final project design.

مع الإلتزام بالموصفات والملاحظات المدونة في طلب الإعتماد،  
وعلى ان تتطابق المواد مع التصميم النهائي للمشروع.

نأمل الإطلاع واتخاذ الإزم

For your Information and action.

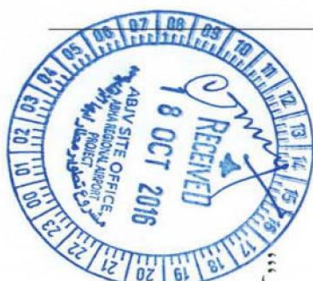

وتفضلوا بقبول وافر التحية والتقدير،،،،،

Best Regards,,,,,

Eng. Zahir Abdulhamid  
Resident Engineer.
